August 15, 2019

To Whom It May Concern:

This is to certify that Dr. (Mrs.) Madhur Kulkarni, Associate Professor-Pharmaceutics was appointed as an international mentor for the two students, Mr. Tyler Godinet and Ms. Lindieilyn Tabula. The two students pursuing final year Bachelor of Science studies at University of Hawaii at Manoa, Honolulu, Hawaii, USA were the recipients of the U.S. National Institutes of Health (NIH) fellowship. The details of the fellowship are as follows.

Minority Health International Research Training (MHIRT) grant (1T37MD008636-06) supported by the National Institute of Minority Health and Health Disparities, NIH, US Department of Health and Human Services Bethesda, Maryland, USA.

The duration of fellowship was 9 weeks, June 1 to August 6, 2019. During this tenure Mr. Tyler completed a project entitled "Development and characterization of topical formulations of adefovir dipivoxil for the prevention of HIV infection". Ms. Lindieilyn worked on "Enhancing solubility, stability, and bioavailability of adefovir dipivoxil to improve the treatment of viral infections". The students carried USD 4,000 worth supplies of chemicals, and consumables to Indira College of Pharmacy for pursuing their project work under the able guidance of Dr. Kulkarni. The list of supplies is attached to this letter.

Under the outstanding mentorship of Dr. Kulkarni, the students learned the basics of pharmacokinetics and were able to get research data, which they presented at the Indira College of Pharmacy and at the University of Hawaii MHIRT Symposium in August 2019. Further, inspired by Dr. Kulkarni's teaching one of the students applied and was accepted in the Daniel K. Inouye College of Pharmacy, University of Hawaii at Hilo, to pursue a Doctor of Pharmacy degree.

Tyler Godinet and Lindlelyn Tabala meet several pharmacy students, work through Saturday, and experience their first dust storm. Lindlelyn and Tyler began lab work on Thursday, June 6 and worked through Saturday when they performed a standard curve experiment for the formulation of Adefovir Dipivoxil, which they will be using as a part of their research projects. Lindlelyn reported: "After five trials, we were able to finalize the standard curve with an equation that will be used to determine unknown concentrations of the drug." They met several masters' students studying pharmacy at the Indra College of Pharmacy. Ankita, Akshay, Vishwajeet, Tejashree, and Sumedha. The MHIRT trainees also met Dr. Anagha Joshi, the Principal of the Indra College of Pharmacy, who Lindlelyn describes as "a very sweet lady."

On Friday, Tyler and Lindlelyn encountered a dust storm and Lindlelyn said "with dirt everywhere in the air BUT rain immediately came afterward which cooled me down and got rid of that scary dust storm." They both reported that this was the first time either of them had ever experienced this type of weather (Of course, many of us have most likely not experienced a dust storm either!)

On Tuesday, they spent the "Eid" holiday going to the movies where they saw X-Men: Dark Phoenix with Akshay. They were surprised that they had to stand up for the Indian national anthem prior to the movie and that there was an intermission in the middle of the movie as well. Tyler reported that they were even more "shocked that there is an intermission, common for all movies." He commented that the intermission "was a well received surprise since we can step out to grab more food or use the restroom."

Team Pune, India started their stay with their first Indian meal at the college mess hall where the food was "flavorful and spicy" and that they "had to drink water with every bite." However, the cooks were kind enough to not make the food so spicy to accommodate their palate. Tyler and Lindlelyn also went to a buffet-style lunch with Dr. Madhur Kulkarni and her family (Her children are excited to meet them) at The Portico. Lindlelyn described the experience: "It was an Indianized-Chinese cuisine and was very delicious! Lunch started with a variety of starters served directly to us, which consisted of prawns, chicken, vegetables, and A LOT more. After starters, we were given the option to get food from the buffet line, but I was very full after the starters and headed straight for dessert!" Besides the exotic local foods, Lindlelyn and Tyler also ate at a few American style fast food establishments: Kentucky Fried Chicken (KFC), Dominos, and Cream Stone (similar to Cold Stone Creamery).

This week Team Thailand's food highlights were the hotpots, both at the informal welcome dinner and later at AYCE and Sukiyaki. Awapuhi reported: "All the food is so cheap compared to home and so delicious!" It was at the MK Restaurants where Dr. Pornsawan and Dr. Paron treated trainees for Sukiyaki (a Japanese dish of sliced meat). Team Thailand students report that Dr. Pornsawan and Dr. Paron, "spoiled us and ordered so much food!"
