

## Criteria

### 3.4.3

#### Point details

**Number of extension and outreach programs conducted by the institution through NSS/NCC/Red cross/YRC etc., (including the programs such as Swachh Bharat, AIDS awareness, Gender issues etc. and/or those organised in collaboration with industry, community, and NGOs) during the last five years**

## DVV Query

Provide detailed report for Tree plantation, “Mahatma Gandhi Jayanti-Cleaning campaign, NSS camp, Pulse polio camp, for the year 2017-18, Mahatma Gandhi Jayanti-Cleanliness drive, Plastic free environment drive, NSS camp, Fit India movement, Pulse polio drive for the year 2018-19, Flood relief campaign-Sangli floods, Pharma rally on awareness of antibiotics, Cleanliness drive, Pulse polio abhiyan, tree plantation drive for the year 2019-20, Dengue awareness & fumigation program, polio campaign, health check up camp for police personnel, Mask & sanitizer distribution, Covid Vaccination & Awareness drive for the year 2020-21 and Electoral Literacy Awareness , Mask & sanitizer distribution, Health check up camp for police personnel, polio campaign, tree plantation & nurturing drive, Blood donation camp, Food distribution to Warkaris for the year 2021-22 with specific mention of number of students participated and collaborating agency signed by competent authority.

## DVV Clarifications

Item 3.4.3 of DVV response: Detailed reports for all above mentioned activities for last five years

**REPORT**

NSS unit of Indira college of pharmacy is very active in environment sustainability and healthy environment maintaining drives and activities. Trees are vital to the environment. They provide us with fresh air to breathe, a shelter for birds and animals. They also provide us with wood for various purposes, along with many medicinal and spiritual properties. However, deforestation has been its main enemy. This problem needs to be curtailed to ensure that the ecological balance is maintained. Understanding this necessity of our ecosystem and considering it as a social cause, ICP organized a tree plantation drive. 50 students and staff members actively participated in this drive held on 22/08/2017 at 10:30 am. All the necessary tools and other requirements were provided by the college. Plants like neem, mango, eucalyptus were planted in the near by areas of the college campus.

**Report**

On the occasion of Mahatma Gandhi Jayanti, NSS unit of ICP had organized a cleanliness drive under Swachh Bharat Swastha Bharat Abhiyaan. The main purpose of this programme was to create awareness among our healthcare students regarding cleanliness and its benefits. Cleanliness is a very essential component of human life. It is essential to lead a healthy and happy life. It is essential to practice maintaining good health and prevent diseases.

Under this programme, along with the staff members total 30 students from B. Pharm & Pharm.D participated with great enthusiasm and zeal. Our principal started the programme by cleaning the corners of the college premises. They also picked up rags and wastes and separated wet and dry garbage separately. Then the teachers and students followed suit. This activity brought everyone together and inculcated the values of team and working in high spirits for national & social purpose.

*"Redefining Pharma Education"*

**REPORT**

With great excitement and active participation of dear students and faculty members NSS Belawade camp was a huge success. Mr. Sunil Kakad sir, NSS coordinator of ICP college had made a proper schedule for all day -wise activities to be carried in the village. All the required material like the groceries, vegetables, spices, vessels, and cookware were carried on the first day at the site. The stay was arranged in a farmhouse belonging to one of our staff members relatives. NSS student volunteers first gathered in college on 15<sup>th</sup> January and transport was arranged by IGI bus facility services. After reaching the village all the necessary arrangements were done with the help of locals and teaching and non-teaching faculty members. During the stay various team building activities were carried out. Social drives like cleanliness, tree plantation and free health check up camp for the villagers were organized.

It was a wonderful and life learning experience was all those who participated. All the activities were done by the students with great zest under the guidance of staff members. They also studied about various medicinal plants and herbs in detail. The villagers too were very happy and excited to host such a program.

Total number of students that participated in this camp were 50. Faculties also voluntarily participated in turns and stayed their overnight on the assigned days. Students learned about the various hardships that villagers faced. Many people participated in health check up camp and students learned about the ailments .

They learnt how to empathize and be kind. Staying in camp, without any leisure made them understand the importance of small things to be cherished in life. Togetherness promoted team building activity in them. The camp ended on 21<sup>st</sup> January.

*"Redefining Pharma Education"*

**REPORT**

The NSS unit of ICP college along with the Pimpri Chinchwad Municipal Corporation, in wake of World Pharmacist Day under National Immunization Drive, participated in a pulse polio campaign conducted between 29<sup>th</sup> January – 2<sup>nd</sup> February 2018. Mr. Shrinwas Patil Sir was the coordinator for the drive.

Pulse Polio is an immunisation campaign established by the government of India to eliminate poliomyelitis (polio) in India by vaccinating all children under the age of five years against the polio virus. The project fights polio through a large-scale, pulse vaccination programme and monitoring for poliomyelitis cases. Pulse Polio Immunization (PPI) aims at covering every individual in the country. It aspires to reach even children in remote communities through an improved social mobilization plan. The drive aims – "Not a single child should miss the immunization and leaving no chance of polio occurrence". Young students from our pharma courses actively participate and volunteer for such drives. ICP group of students were assigned different areas and assigned the task of going door- to - door, check for kids below five years and administer them the oral drops. Our students understood the importance of timely vaccine administration and my meeting people of different strata during the drive became matured and sensible. During the drive the students understood the value of time as they had to adjust their academics and duties for the drive simultaneously. The drive also taught them delegation of work and to work as a team. Total number of students that participated in the drive were 50.

**REPORT**

Plastic pollution is the accumulation of plastic objects and particles in the Earth's environment that adversely affects humans, wildlife and their habitat. Plastics are inexpensive and durable, making them very adaptable for different uses; as a result, manufacturers choose to use plastic over other materials. However, the chemical structure of most plastics renders them resistant to many natural processes of degradation and as a result they are slow to degrade. This causes plastic waste and hazard to the environment. Being aware of the harmful effects of environmental waste on human beings and considering this as a social responsibility, NSS unit of ICP arranged plastic free environment drive. Students gathered on **03/11/2018 at 10:30am** in college campus for the same and proceeded to the area where plastic picking and sorting took place. All the necessary accessories for waste collection were provided by the college. The number of students that actively participated for this social cause were 30. Students were made aware of not using non-biodegradable plastics as it chokes the life.

With super excitement and active participation of dear students and faculty members NSS Belawade camp was a huge success. Mr. Sunil Kakad sir, NSS coordinator of ICP college had made a proper schedule for all day -wise activities to be carried in the village. The five days overnight stay camp was organized between 4<sup>th</sup> & 9<sup>th</sup> of February 2019 in Belawade village. During the stay various team building activities were carried out. Social drives like cleanliness, tree plantation and interaction with school students and making them aware about diseases and prevention were carried out. This interaction taught our students how to present themselves in front of students and connect with them. Few of our regional students tried to converse in Marathi and communicate. College received a great support from the villagers and they turned out to be fantastic hosts helping the college members and students in their daily chores and activities. The number of student volunteers in the stay camp were 50. Faculty members had a schedule day wise and three to four faculties stayed with the students overnight and carried out team building and extracurricular activities. Students did all their activities from cooking, cleaning, washing along with study tours on the near by hills. They learnt about medicinal plants and herbs, some interesting things about farming and horticulture etc. Many group activities and sports events were organized for the campers to bring them together and reap leadership and team building qualities in them. Students understood the problems of the villagers and tried to lend a helping hand possible ways.

## **Fit India Movement 2018-19** **Report**

In order to aware the students regarding the health and fitness and in continuation with the Fit India Movement launched by the Hon. Prime Minister Shri Narendra Modi, ICP's NSS unit had organized a celebration of staying fit through games and sports and fun filled activities. "Healthy man means healthy family which ultimately leads to healthy society. This is the only way to new India." Health can be your best partner and will never ditch you and helps you most of the time. At the outset, the head of the institution Dr. Anagha Joshi gave an overview of the Fit India Movement. NSS college representative and coordinators Dr. Amir Shaikh & Sunil Kakad ensured that the students participated with zeal and give their best in the activities. Health and fitness related talks were given by the students which motivated others to continue daily exercise and keep oneself fit. A great passion and enthusiasm was found among the students on both the days.

Yoga activity was organized in the morning followed by free hand exercises and then meditation techniques. All the students took part enthusiastically. Sports for students were also organized to boost their energy. A pledge was taken to make it a routine throughout the year by all the participants. 30 students from the college participated in this program.

Pharmacy being a healthcare profession this activity tries to imbibe the importance of maintaining healthy lifestyle by daily exercises and keeping oneself fit and fine. This movement goes hand in hand with the healthcare.

**REPORT**

NSS unit of Indira college of Pharmacy on the occasion of Mahatma Gandhi Jayanti & Swacha Bharat Abhiyan, carried out cleanliness drive near Morya Ganpati Mandir, Chinchwad with active participation of students and faculty members. This drive was inaugurated by college Principal Dr. Anagha Joshi. She said that Swachh Bharat Abhiyan is India's largest cleanliness drive which aims to make India more sustainable and eco-friendly for living. The process of cleanliness was conducted under the able guidance of Prof. Amir Shaikh & Sunil Kakad by 15 students from our college. People in the surrounding were encouraged not to litter and to dispose of the garbage properly and wisely. They were told about the hazards of using plastic and to avoid using plastic bags. They were also motivated to segregate biodegradable and non-biodegradable waste, so as to make our country green and clean. Students learnt to become vigilant and aware of all the necessary steps that they can take to protect themselves from diseases and at the same time maintaining the surrounding clean and green.

**REPORT**

Sangli, on the banks of river Krishna in Western Maharashtra faced a historic flood in Aug 2019. Nearly One Lakh people were displaced and over 30 lost their lives in this district alone. The adjoining areas were terribly affected too. Considering the worse situation due to floods, Indira College of Pharmacy in association with Sankalp foundation (a NGO) conducted a donation drive to help the needy and grief stricken people of Sangli. Foodgrains, sugar, salt, tea & biscuit packets, cereals, pulses, were collected by the students and working staff members of college and donated. Donation of all types of clothes, bedsheets, shawls, and blankets was also done in the drive. 30 of our active student volunteers collected all the things and facilitated the transport to the affected areas. Many of the staff members and students from different courses generously donated all the items. Students by getting involved in such activity learnt about many things like handling the situation in critical times, be kind and compassionate, always give helping hand to the needy and so on.

*"Redefining Pharma Education"*

**REPORT**

In view of the World Pharmacist Day & National Pharma Week, Indira college of Pharmacy celebrated it on 25<sup>th</sup> September 2019 by organizing a pharma rally. All the active students and faculty members gathered at 9:30 am at Parihar Chowk, Aundh. The theme for this year was "Rationale Use of Antibiotics. NSS unit of college supported this college activity by performing street play and creating awareness. Students performed street play and distributed pamphlets & brochures for awareness. Street play involves presentation in outdoor public spaces without a specific and paying audience but a fairly large group. The play focused on the issue of misuse of medicines and their correct way of administration. The aim of the play was promoting rationale use i.e. appropriate medicines as per the clinical needs, doses and other factors. The outcome of this rally was that common man understood the importance of medicines to be taken in the right way under the guidance of registered physician. The number of students that took part in the rally and pharmacist day program were 200 including Pharm.D, B.Pharm & M.Pharm courses.

**REPORT**

NSS of ICP college along with the Pimpri Chinchwad Municipal Corporation, under National Immunization Drive, participated in a pulse polio abhiyan from 16<sup>th</sup> January – 20<sup>th</sup> January 2020. The Pulse Polio Initiative was started with an objective of achieving hundred per cent coverage under Oral Polio Vaccine. It aimed to immunize children through improved social mobilization, plan mop-up operations in areas where poliovirus has almost disappeared and maintain high level of morale among the public. Mr. Shriniwas Patil coordinated the drive and guided the students. Students from B.Pharm and Pharm. D course actively participated and volunteered for the drive. Group of 5 students were made and allotted areas in PCMC. Total number of students that volunteered were 45. Our students carried the drops and went door to door checking if no child had missed the polio drop, if by change he had missed it they administered the oral drops to the kids. The volunteers also created the awareness among the general public regarding the importance of Pulse Polio Camp.

*"Redefining Pharma Education"*

**REPORT**

Trees have played an essential role in building up humankind and the development of human civilization over the Earth. They have been serving human needs since the time immemorial. Tree plantation is still considered humanitarian work. Tulsi plants, Peepal trees, Banana, and Banyan trees have ever been prayed in India. Scientists have also proved the importance of trees in our life. Considering the immense importance of planting tree NSS unit of Indira College of Pharmacy conducted tree plantation drive and encouraged our students to plant and nurture trees in their surrounding areas.

Dr. Dayanand Kannur coordinated the drive. Since we were in a lockdown period management had asked to follow strictly the social distancing norms. Keeping this in mind B.Pharm & Pharm.D students, total 40 in number planted the trees in their own houses, backyards or adjoining areas.

*"Redefining Pharma Education"*

**REPORT**

Health check up camp for police personnel in Wakad police station was conducted under social drive activities by the NSS unit of Indira college of Pharmacy. Physical examination like pulse rate, body weight, height, and blood pressure was checked. Health check-ups aim to not only help the person to prevent illnesses and its complications but also to make changes in the lifestyle for long-term healthy life. Police personnel are people who work hard under constant stress and strain for the well being of our society. In their extremely busy schedule they tend to forget or ignore the importance of good health. Body is constantly at risk of developing diseases that can sometimes even be life-threatening. Various benefits of health check up include detecting life-threatening conditions at an early stage, increasing chances of right treatment & cure; assessing the risk of medical issues beforehand, reducing healthcare cost by timely diagnosis, and improving quality of health. The entire program was well coordinated by Dr. Rahul Buchade and to his assistance were Asst Professors. Dr. Digambar Ambikar & Ms. Tejal Mulay. Total of 8 students participated in the activity.

**REPORT**

The NSS unit of ICP college with Marunji Grampanchayat, had organized a dengue fumigation program in Marunji area, Hinjewadi, Pune. Considering the high number of Dengue cases, fumigation and public awareness was extremely necessary. In covid times, people are not only worried about coronavirus but also increasing cases of malaria, dengue & chickengunya. Construction activities, stagnated water, garbage, weather conditions all responsible for the alarming rise in cases. Regular fogging is essential in such areas. Keeping in mind this grave situation and in the interest of public healthcare fumigation and awareness program was done. The drive was conducted and coordinated by Asst Professor Rahul Buchade. General awareness about clean sustainable living, waste disposal, preventive measures etc was created. Total students that volunteered for this activity were 15.

**REPORT**

Indira group of Institutes along with Phoenix Hospitals, conducted a mega vaccination drive for Indiraitees and their family members. This noble initiative was taken considering the COVID 19 pandemic, with a vision that "vaccines save lives"; the drive was open on 4<sup>th</sup> June 2021 between 2pm – 7pm at Tapasya Auditorium, IGI campus, Pune. Many of our staff members, students and their family members took the benefit of this drive. The drive was inaugurated in presence of respected chairperson Dr. Tarita Shankar, ICP Principal Dr. Anagha Joshi and other directors of Indira group of Institutes. Realizing the gravity of the situation and critical covid times, Indira organized this drive keeping in mind the health of all its stakeholders. Since it was the period of second wave, 10 students were present for volunteering. It was a great facility center for the employees, students and relatives associated with Indira group and many people took advantage of it during the pandemic. The drive was a great hit!

**REPORT**

The coronavirus or Covid-19 is a large family of viruses that causes illnesses ranging from the common cold to acute respiratory syndromes, but the current virus is a novel strain not seen before. Common symptoms of the novel coronavirus strain include respiratory symptoms such as fever, cough, and shortness of breath, according to the WHO. The WHO has declared the coronavirus epidemic as a global health emergency. The spread can be prevented by following social distancing, constantly using sanitizer and wearing mask. Recognizing the need of the hour, NSS of ICP initiated a social drive for distribution of masks and sanitizers to the house keeping staff and security personnel, who were present round the clock during covid times. The main purpose of the programme was to create awareness and protect the general public against the spread of the prevailing COVID-19 pandemic within the state. Total students that actively took part in this were 20 who distributed many face masks and hand sanitizers in the college and surrounding areas. They also created awareness regarding the use and social distancing norms.

**REPORT**

The key objective of the electoral literacy club is to educate student's fraternity about their fundamental democratic rights which includes casting votes in elections, which helps in positive evolution of country. With an aim to "To sensitize the students: future of India, about their fundamental electoral rights and let them contribute in the development of our country" Indira college of Pharmacy organized an electoral literacy awareness campaign. The activities comprised of students participating in street play and creation of awareness in masses. Many active students came forward and took part in this campaign. By staging street play they gave the important message of casting vote. They also created awareness amongst their friends to use this right. Total number of students that took part in this activity were 35.

*"Redefining Pharma Education"*

**REPORT**

Considering the manifold benefits of trees, including that they release oxygen into the air, absorbing harmful gases such as carbon dioxide, carbon monoxide and sulfur dioxide from the air and purify it, protect us from dangerous ultra-violet rays, provide us with food and the pivotal role played by trees in preventing soil erosion, maintaining ecological balance and most especially in lessening the effects of global warming, the NSS unit of ICP team conducted tree plantation drive on 26<sup>th</sup> February. Planting of trees is especially important to protect our environment against air pollution and global warming. In order to maintain the ecological balance, prevent from the harms of increased industrialization and deforestation, students with our staff members chose Lavale areas near Sus gaon for their tree plantation and nurturing drive. All the saplings were provided by the college, plants like neem, mango, Ashoka, babul were planted on the hills and adjoining areas of Lavale. Students showed great excitement and participated in large numbers for the drive. Activity was performed in teams under the supervision of our teaching and non-teaching faculty members. Total of 45 students along with the faculty also took an oath to look after the planted saplings, nurture them, plant more and more trees and encourage others to do the same.

*"Redefining Pharma Education"*

**REPORT**

On the occasion of International Women's Day & National Safety Week, NSS unit of Indira college of Pharmacy had organized a mega blood donation camp on **8<sup>th</sup> March 2022**. It was in collaboration with PCMC blood centre. Donating blood is a community responsibility because blood banks are local institutions serving local hospitals to meet local needs. Blood donations are used for patients in need of surgery, cancer treatment and transfusions for blood loss from traumatic injuries and accidents. Blood collected through these drives saves countless lives every year. Giving blood gives the gift of life. Understanding this as a social responsibility, members from teaching and non-teaching faculty, students from all courses of our college actively donated their blood. It took place in the college building, and many students and staff members showed maximum participation in the drive and made it a grand success. Total number of students that participated in this active drive were 50, along with many teaching and non-teaching faculties. Looking at the huge response our college was awarded with a memento and certificate from PCMC.

**Food Distribution to Warkaris**  
**REPORT**

NSS unit of Indira college of Pharmacy is always active in social drives. It also carries out extension programs for the benefit of the society. The annual Pandharpur Yatra to the famous Vithoba Temple at Pandharpur in Maharashtra is also famous as Pandharpur wari or ekadashi pandharpur wari and pandharpur ashadi ekadashi wari. As per the traditions this year too , the wari was scheduled on 20<sup>th</sup> & 21<sup>st</sup> of June in Pune that included lakhs of warkaris from all over Maharashtra. ICP along with Indira group of Institutes had organized a food distribution initiative for the participants in the pilgrimage. Total of 16 students from our college participated in this event along with active participation of our respected principal Dr. Anagha Joshi and members from non-teaching group. The warkaris was given batata chivda, rajgira laddoo, glucose biscuits and water bottles as refreshments. This activity was carried out this year as a part of community service as it helps students to understand the traditions and cultures of Maharashtra which takes place every year in the city.
