BEST PRACTICE – 1

1. Title of the Practice: - Strong Corporate Relations: -

❖ Objectives of the Practice: -

- ✓ The institute strongly believes in fostering corporate partnerships, and college has an Industry-Institute Partnership Cell (IIPC) that enables the Institute to initiate and maintain close ties with the Pharma and allied industry.
- ✓ Students receive technical learning and exposure to the industrial environment due to the institute's industrial collaborations with several companies.

❖ The Context: -

The mission of the institute is to train and develop students into Professional Pharmacist so as to fulfil the Industrial and Community needs. Keeping this mission in perspective, institute is committed to build close ties with the pharma and allied industry in the form of visits, hands on trainings of sophisticated instruments, guest lectures & seminars involving industry personnel, industrial internships and collaborative projects. Such interactions can help students understand the industrial milieu and functioning as well as the skills that they need to acquire to be industry ready. The institute also runs a Pharm D program. Since the program is clinically oriented, tie-up with hospitals are necessary to train students in a clinical set up. Institute has signed MOU with Aditya Birla Memorial hospital, Pune for conducting research and internship activities as a part of Pharm D curriculum. Apart from that, Institute has signed MOU with Jehangir hospital's Jehangir Learning Centre to provide add on

certificate courses to the students in the field of clinical research. The sessions of clinicians and trainers are regularly hosted under this MOU to enlighten the students on clinical and healthcare research. In order to understand the healthcare needs of the community, several sessions of clinicians are hosted in the institute to make the students aware of various cancers, their etiology, and their therapeutics, rational use of antibiotics, biomedical and healthcare research etc.

❖ Evidence of Success:

- ✓ AICTE- CII platinum ranking in 2018.
- ✓ "Best industry linked Institute" award from World Education Congress 2020.
- ✓ Receipt of sophisticated instruments and equipment in the form of donations.
- ✓ Industrial and hospital internship trainings to the undergraduate and post graduate students.
- ✓ Placement of the students in various sectors of Pharma and allied industry.
- ✓ Collaborative research projects and research papers.
- ✓ Industry sponsored research projects and consultancy services.
- ✓ Guest lectures and career guidance by accomplished resource persons from Pharma industry, hospitals, and clinical research organizations.
- ✓ Successful organization of webinar series in collaboration with industry.
- ✓ Industrial visits to undergraduate, post graduate students, and faculty.

2020-21

National webinar series: September 2020

- TOPIC: -
"Applications of specialty excipients and texture analysis in topical and dermatological formulations"
- Three days national-level webinar was conducted on "Applications of specialty excipients and texture analysis in topical and dermatological formulations" from 2nd to 4th September 2020.
- Dr. Sameer Padhye, Mr. Shirish Sankpal, Mr. Kedar Chikhalikar, Ms. Ragini Sharma, and Mr. Deepesh Pal Singh were guest speakers for the webinar, and all of them took a very elaborative session on different topics related to topical and dermatological formulations.

Medical Devices Applications SDS

- Sharpness of hypodermic needles
- Inhaler performance
- Adhesiveness of transdermal patches
- Avery adhesive test
- Crush resistance of vascular stent
- Expelation force of syringes

In package-Extrusion SDS

Extrusion SDS

Emulsion Stabilization - Remulen™ Polymers

- Remulen™ polymers
 - Carbonate copolymers of acrylic acid and a long chain alkyl methacrylate crosslinked with short esters of pentaerythritol
 - Have small hydrophilic portion in addition to a large hydrophobic portion
 - Form O/W emulsions
- Steric and associative stabilization mechanism:
 - Hydrophilic portion forms a gel network around oil droplets
 - Hydrophobic portion anchors in the oil phase

Excipients for dosage forms

Equipment/Excipients	Description	Examples
Desman bases	Main structure forming materials for creams	Leucins, Paraffins, emulsifying base, PEGs
Emulsifiers	Phase softens, emulsifies in skin may retain moisture	Fatty acid soaps, long chain alcohols, fatty acids
Emulsifying agents	Surfactants and cosurfactants for emulsion systems	Polysorbates, sorbitan esters, SLS, PEG esters
Thickening agents	Modifying viscosity	Glycerol stearates, PG stearates
Gelling agents	Main structure forming materials for gels	Quaternary gum, cellulose derivatives, carboxymers
Solubilizers	Facilitate dissolution of API	PEG, Medium chain triglycerides, ethanol
Penetration enhancer	Increases permeation of API by promoting the diffusion	Ethanol, terpenes, glycols

Mucoadhesion SDS

Key benefits:

- Ideal for emulsions incorporating a high volume of oil and lipophilic API
- Forms gels with low texture and glossy appearance (up to 15%)
- Ideal for difficult-to-formulate APIs including alcohol extracts or essential oils
- Forms a film texture cream over a wide range of pH (up to 10%)
- Ideal for emulsions containing solvents or large amount of oily phase, for hydro sensitive API requiring PEGs or glycerin as hydrophilic phase
- Use a simple one-pot formulation process (2 90%)

Lubrizol Pharmaceutical Polymers

Product Description	Composition
Emulsiol	Polymers of acrylic acid crosslinked with allyl acetate or allyl methacrylate
Desman	Polymers of acrylic acid and a C12-C18 alkyl acetate crosslinked with allyl methacrylate
Emulsiol Emulsifiers	Carbonate copolymers of copolymers that contain a block copolymer of polyethylene glycol and a long chain alkyl acid ester
Acrysol	Polymers of acrylic acid crosslinked with styrene glycol

Sub: Offer of Employment – Research Associate Trainee (R&D – Formulations)

Dear Mr. Lokesh Gopal Patil,

This has reference to your application for employment in our company and the subsequent interview you had with us. We are pleased to offer you an employment with our organization in the R&D Centre based at Mumbai. The remuneration package as mutually agreed upon shall be communicated to you on your joining with us.

Please note that this is merely an Offer Letter. The Company's standard Appointment Letter containing exhaustive terms and conditions of employment will be issued to you on your joining the company, which shall be binding on you.

You are requested to join us on or before **01 November 2022** failing which this Offer of employment stands withdrawn. Kindly confirm the same.

You are required to submit the following documents at the time of joining:

- Passport size photographs - 03 Nos.
- Photocopy of your testimonials from SSC onwards
- Proof of date of birth
- Copy of resignation and relieving letter from immediate previous employer
- Last salary slip/ salary certificates, as applicable
- Pre-employment medical fitness certificate from a registered medical practicing doctor

Kindly confirm your acceptance on the duplicate copy of this Offer Letter.

Yours cordially

For MICRO LABS LIMITED

- ✓ As a result of strong collaboration with industry, the institute has received donations in the form of sophisticated equipment and instruments from the industry.
- ✓ Formulation development department of FDC Ltd., Mumbai in 2017 donated a dissolution test apparatus and UV cabinet.
- ✓ In 2019, they donated two capsule hand filling machines, Kalwekamill with planetary mixer, and a friabilator.
- ✓ The equipment valuation was worth INR 5.89 lakhs.
- ✓ In 2021, analytical development department of FDC Ltd. donated two Waters HPLC instruments, one with UV detector and one with PDA detector.
- ✓ The valuation of these two instruments as suggested by Waters is INR 10 lakhs.
- ✓ These instruments are extremely beneficial for undergraduate, postgraduate, and PhD students for their practical training as well as research work.

❖ Letter for the grant of HPLC equipment: -

FDC Limited

MANUFACTURERS & EXPORTERS OF FOODS, DRUGS & CHEMICALS

07/10/2021

To,

Dr.(Mrs.) Madhur Kulkarni
Associate Professor & HOD-Pharmaceutics,
SCES's Indira College of Pharmacy, Pune

Dear Dr. Madhur,

We are pleased to inform you that FDC Ltd., Mumbai has made a decision to grant two RP-HPLC instruments to you for conducting the post-graduate research work at your institute. The details of the instruments are as follow

- | | |
|---------------------|---------------------------|
| 1. RP HPLC | Make - Waters Corporation |
| Model-2695 Alliance | Serial No. B04SM7564M |
| 2. RP-HPLC | Make - Waters Corporation |
| Model-2695 Alliance | Serial No. B04SM7568M |

You are requested to arrange for the pick-up of the instruments from FDC Ltd, Kandivali premises once the instruments are appropriately packed.

We wish you all the very best for your research work and hope that you will make the best possible use of the granted instruments.

Warm regards,

Ms. Priya Singh
Assistant General Manager,
